It will be remembered that judgment was given Rev. Crump in the 3,000 Acres of Land For Sale. lower court for the sum of \$200.00. This was an appeal case, the matter 3,000 acres of land in southwest Kan- try for colored people. having been appealed by tre Telegraph Company. It was a case where Rev. Crump had sued the company for withholding a telegram sent Mrs. Crump last August the 7th, for about forty-two days. The message announced the death of her father. The prosecutor claimed that said delay in the delivery of said message cause.I considerable mental pain and agony. On these grounds suit was brought.

The whole day was consumed in the hearing of this case on the 4th. The defense was represented by Mr. Campbell, of Nashville; the other side was represented by Mr. W. H. Crowel, of Shelbyville.

The case has from start to finish created considerable interest throughout the county, and has been closely watched. Witnesses for Rev. Crump consisted of a number of the best citizens, both colored and white, in the county. It seemed that the defense scraped nearly every dive in the town to find witnesses for their side, but their testimony seemed to fall flat. Two or three white men who testified on behalf of the defense seemed to try to tell the truth. The case was given to the jury who, after five hours' deliberation, failed to reach an agreement. Having been sent back the second time, they again failed to return a verdict, after several hours' deliberation. It is said that the jury stood 6 to 6. This case will come up again in the next term of court in August.
